Scorched (Turn Up the Heat, Book One)

Desiree Holt, Allie Standifer

Scorched (Turn Up the Heat, Book One) Desiree Holt, Allie Standifer

Book one in the Turn Up the Heat series.

Kasey Jacobs spends her days as a bookkeeper for a discount furniture store and her nights writing erotic romances, still waiting to meet the man who could ring her chimes. Maybe her new neighbor, Skyler Brody... Too bad she hasn't seen him since the day he moved in.

Then Skyler, a cop recuperating from a gunshot wound, spies Kasey pleasuring herself in front of an open window and nearly trips over his tongue rushing to introduce himself. The sex is instantaneous and hot, with all the explosiveness of fireworks.

But Kasey wants something Skyler isn't prepared to give. Perhaps they can find a way to each other's heart—if they don't burn themselves out with their nightly erotic activities.

From reader reviews:

Doreen Williams:

Do you have favorite book? When you have, what is your favorite's book? Reserve is very important thing for us to be aware of everything in the world. Each guide has different aim or maybe goal; it means that guide has different type. Some people sense enjoy to spend their time for you to read a book. These are reading whatever they acquire because their hobby is actually reading a book. How about the person who don't like reading a book? Sometime, man feel need book once they found difficult problem or maybe exercise. Well, probably you should have this Scorched (Turn Up the Heat, Book One).

Melvin Hayes:

Reading a book tends to be new life style with this era globalization. With examining you can get a lot of information that could give you benefit in your life. With book everyone in this world can share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the storyline that share in the publications. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors on earth always try to improve their ability in writing, they also doing some research before they write on their book. One of them is this Scorched (Turn Up the Heat, Book One).

Darla Kemp:

People live in this new time of lifestyle always try and and must have the spare time or they will get large amount of stress from both daily life and work. So , whenever we ask do people have free time, we will say absolutely indeed. People is human not just a robot. Then we ask again, what kind of activity have you got when the spare time coming to you of course your answer can unlimited right. Then ever try this one, reading ebooks. It can be your alternative with spending your spare time, often the book you have read is definitely Scorched (Turn Up the Heat, Book One).

Steven Evans:

Are you kind of active person, only have 10 or perhaps 15 minute in your morning to upgrading your mind ability or thinking skill possibly analytical thinking? Then you are having problem with the book in comparison with can satisfy your short period of time to read it because pretty much everything time you only find guide that need more time to be examine. Scorched (Turn Up the Heat, Book One) can be your answer given it can be read by an individual who have those short extra time problems.
