A breakthrough plan for males to re-enter the world of men.

What happens when a boy grows physically into an adult male but misses some of the experiences and relationships that help form complete manhood? Alan Medinger writes for such men and for those who care about them.

Within the context of his own release from homosexuality and his growth into “confident and comfortable” manhood, Medinger offers hope to others. For homosexually oriented men, such growth is an essential but often overlooked step in the process of healing. This ground-breaking study could well change many lives.
