The End of the World, Plan B: A Guide for the Future

Charles Shiro Inouye

The End of the World, Plan B: A Guide for the Future Charles Shiro Inouye

Environmental decline, political gridlock, war and rumors of war, decadence, and immorality. *The End of the World, Plan B* traces the idea of the end, or destruction, of the world through a number of spiritual traditions. It shows that our present understanding of the "end game" has been distorted by a modern emphasis and demand on justice as the ultimate good. As an alternative to this self-destructive approach, Charles Shir? Inouye shows that in these traditions, justice is not the isolated end in itself that we ought strive for; rather it is taught in tandem with its balancing companion: compassion. *Plan B* is a hopeful alternative to our fears about how things are going.
