*The Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two* is the first intermediate level Persian textbook, written specifically for English-speaking university students, that makes use of up-to-date pedagogical techniques, and stresses the importance of communicative competence.

The diversity of the texts in this textbook helps to familiarize students with a range of literary genres, and provides them with the necessary building blocks to continue reading on their own.

One of the distinctive features of this book is its content-based and task-based approach to learning the language; all the material provided has been carefully selected to support and enhance a student-centred class environment.

As with *The Routledge Introductory Persian Course*, all the texts in this volume are available online in the form of audio files. These texts are recorded by native speakers and available for instructors and students to download freely at <http://www.routledge.com/books/details/9780415691376/>.

The Routledge Intermediate Persian Course: Farsi Shirin Ast, Book Two follows on where the first textbook ends and is ideal for all intermediate learners of Persian in their second year of study.
