Praise for The International Hunters, Inc. Collection...

“This is a fast paced, action filled, right in your face kind of journey. It goes in so many directions that soon you can't tell who is telling the truth and who is it that keeps leading the team into trap after trap, ambush after ambush! And your simply not going to believe what it all comes down to. I sure didn't see it coming, and I don't think Hunter's, Inc did either.”

Anna Salamatin

Amazon Reviewer

“I thoroughly enjoyed this book from the first page to the last, and can't wait to learn more about Kyra's very interesting psyche. I also look forward to many more missions with this most interesting team of specialists. This is exactly what a perfect 5 star mystery and adventure book should be made of, and I sincerely believe you will not be disappointed in it!”

“WOW. When is the next book coming out, because I am not quite sure my heart will make it that long! If you think you have it figured out...just stop right there because you are likely going to be wrong. Twist and turns, the obvious is not the obvious and the not obvious isn't either and the introduction of a great range of players makes this another series you will not want to put down!”
