Underneath The Moon Dan Holt

Douglas Hastings' passion for anything NASA drove him to analyze a treasure trove of Moon photos taken during all Apollo missions. Doug had started to believe the conspiracy theories and rumors that had swirled for years; that NASA had discovered more than just rocks on the Moon and had conspired to keep the rest of the world in the dark. A super computer's enhancement and compilation of the old photos proved his belief and sent him on a quest that has now revealed revolutionary new space travel technology and will enable him to lead a group on a return journey to explore ancient ruins on the lunar surface. But Doug's pursuit of the truth and discovery of a destroyed GLASS city on the Moon pale in comparison to what lies underneath the lunar surface. What he finds will solve the mystery of a long-dead Apollo Astronaut and provide clues to the missing elements of Earth's ancient history. But, even he isn't prepared for the discovery that will reveal the past and change the future of mankind...FOREVER!

From reader reviews:

Rebecca Stark:

Do you one of people who can't read gratifying if the sentence chained in the straightway, hold on guys that aren't like that. This Underneath The Moon book is readable by means of you who hate the perfect word style. You will find the facts here are arrange for enjoyable examining experience without leaving also decrease the knowledge that want to give to you. The writer connected with Underneath The Moon content conveys the idea easily to understand by most people. The printed and e-book are not different in the written content but it just different such as it. So , do you still thinking Underneath The Moon is not loveable to be your top collection reading book?

Sharon Hafer:

The publication untitled Underneath The Moon is the book that recommended to you to study. You can see the quality of the e-book content that will be shown to you actually. The language that publisher use to explained their ideas are easily to understand. The writer was did a lot of investigation when write the book, and so the information that they share to your account is absolutely accurate. You also could possibly get the e-book of Underneath The Moon from the publisher to make you considerably more enjoy free time.

Chris Walker:

People live in this new day time of lifestyle always try and and must have the time or they will get great deal of stress from both day to day life and work. So , whenever we ask do people have extra time, we will say absolutely indeed. People is human not really a huge robot. Then we consult again, what kind of activity have you got when the spare time coming to anyone of course your answer may unlimited right. Then do you try this one, reading publications. It can be your alternative throughout spending your spare time, the particular book you have read is definitely Underneath The Moon.

Stacie Schneider:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Underneath The Moon can make you experience more interested to read.
