## **Derecho Ambiental Chileno: Principios; instituciones; instrumentos de gestión (Spanish Edition)**

Rodrigo Guzmán Rosen

La presente obra tiene por objeto poner a disposición del público una herramienta destinada a comprender la forma en que el medio ambiente se encuentra regulado en Chile. Aborda especialmente la ley 19.300, incluyendo, su última gran modificación, la ley N°20.417. Analiza entre otras materias, los instrumentos de gestión ambiental (como la evaluación ambiental estratégica, el sistema de evaluación de impacto ambiental, la responsabilidad por daño ambiental, etc.) y las funciones y atribuciones del Ministerio del Medio Ambiente, el Consejo de Ministros para la Sustentabilidad y el Servicio de Evaluación Ambiental.

El trabajo concluye con un minucioso examen de la Superintendencia del Medio Ambiente y de los Tribunales Ambientales.

Por lo dicho, es un texto llamado a convertirse en material de consulta ineludible para la ciudadanía en general y, en particular, para las organizaciones no gubernamentales, los órganos administrativos y jurisdiccionales, las municipalidades, las empresas, las universidades, consultores y estudiantes.
