While the Amazon Fire TV is an amazing device, the app selection for it is still somewhat limited. Since it's Android-based, though, you can quickly and easily perform a process known as "sideloading" where you load apps (like browsers, music apps and more) onto your Fire TV using nothing more than your computer and a few minutes of your time.

In this book by bestselling author Charles Tulley, you'll learn exactly how to sideload apps onto your Fire TV with the help of step-by-step instructions from beginning to end along with detailed screenshots that guide you the entire way.

Important Note: This book contains content that is also found in Charles Tulley's book *The Amazon Fire TV User Guide* (May 2014 update). Content for this book was compiled separately to offer advanced Fire TV users a convenient separate guide for how to sideload apps onto their Fire TV. If you're looking for a complete guide book for the Amazon Fire TV that includes details on sideloading as well, please search for "The Amazon Fire TV User Guide" by Charles Tulley instead.
