This is a comprehensive, multi-layered, spiritual commentary based upon a dynamic-equivalency translation of the Gospel of Thomas (502 pages including an extensive bibliography and subject index). In addition to the central commentary, each logion is accompanied with critical notes, parallel texts, links to other logia, questions for reflections, exercises and meditations, and readings for further insight. All of this is meant to assist individuals and groups in in-depth study of the Gospel of Thomas, becoming a pilgrim's guide into an ancient sapiential landscape that is part of the early "sayings tradition" of Jesus.
