Tomato Greenhouse Roadmap: A Guide to Greenhouse Tomato Production Nadia Sabeh

The “Tomato Greenhouse Roadmap” from Hort Americas (<http://www.hortamericas.com>) is designed to be a guide for new greenhouse growers, farmers and investors interested in entering the world of controlled environment agriculture and greenhouse tomato production. The Roadmap presents specific industry terminology, production concepts and cultivation options that must be understood in order to make important investment decisions.

The Roadmap is not a “production” guide. It does include key worksheets and resources that will assist in organizing and planning a professional hydroponic or urban greenhouse tomato range.

Online supplemental information available after purchase.
