Maistre: Considerations on France (Cambridge Texts in the History of Political Thought) Joseph de Maistre

Joseph de Maistre's *Considerations on France* (1797) is the best known French equivalent of Burke's *Reflections on the Revolution in France*. The work of the self-exiled Maistre presents a providential interpretation of the French Revolution and argues for a new alliance of throne and altar under a restored Bourbon monarchy. Although Maistre's influence within France was delayed until the Restoration, he is now acknowledged as the most eloquent spokesperson for continental conservatism. This edition features an Introduction by Isaiah Berlin.
