The Uninvited: An exposé of the alien abduction phenomenon Nick Pope

"Has the understated authority a reader would expect from the man who acted as the official investigator into UFO sightings for the British Ministry of Defence. Lacking the hysteria of so many other books on the genre, Pope's report takes the high road."

Publishers Weekly

"A good read, and raises some thought-provoking issues."

Focus, Ministry of Defence in-house magazine

Former UK Government UFO investigator Nick Pope has written the definitive book on the alien abduction mystery, delving into folklore, the contactee movement, and more modern claims that people have not just seen UFOs, but encountered extraterrestrials.

The Uninvited also examines the reaction of governments, and of the scientific community, as well as examining the world's most famous alien contact cases, and highlighting the common threads that bind them together.

Nick Pope devotes a significant portion of the book to detailing a number of cases that he investigated personally, before drawing things together by discussing the various theories that might explain what lies behind this fascinating mystery.
