Revision 4 of the U.S. Navy Diving Manual is a comprehensive update and reorganization of the previous revisions.

The dive manual is updated to provide the latest procedures and equipment currently being utilized by military divers. It also includes two entirely new procedures to provided greater flexibility for diving operations: Chapter 10 on Nitrogen-Oxygen (NITROX) Operations and the Diving at High Altitude section of Chapter 9.

This revision is a compilation of input and review by navy divers involved in all aspects of diving operations. Experts from every area of military diving were consulted on specifics in their field and also utilized to make a review of the finished version.

From reader reviews:

Paul Evans:

What do you think about book? It is just for students since they're still students or it for all people in the world, the particular best subject for that? Only you can be answered for that issue above. Every person has different personality and hobby for each and every other. Don't to be pushed someone or something that they don't wish do that. You must know how great as well as important the book U.S. Navy Diving Manual. All type of book are you able to see on many resources. You can look for the internet sources or other social media.

Albert Shepherd:

The reason why? Because this U.S. Navy Diving Manual is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will shock you with the secret this inside. Reading this book close to it was fantastic author who else write the book in such wonderful way makes the content within easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this any longer or you going to regret it. This unique book will give you a lot of positive aspects than the other book have such as help improving your ability and your critical thinking method. So , still want to postpone having that book? If I had been you I will go to the reserve store hurriedly.

Kelsey Jimenez:

Are you kind of busy person, only have 10 as well as 15 minute in your morning to upgrading your mind expertise or thinking skill possibly analytical thinking? Then you are experiencing problem with the book than can satisfy your short period of time to read it because all of this time you only find e-book that need more time to be read. U.S. Navy Diving Manual can be your answer because it can be read by a person who have those short extra time problems.

Donna Feuerstein:

Reading a book make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is composed or printed or descriptive from each source that filled update of news. With this modern era like now, many ways to get information are available for a person. From media social similar to newspaper, magazines, science reserve, encyclopedia, reference book, book and comic. You can add your knowledge by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the U.S. Navy Diving Manual when you necessary it?
