Ideologies of Hispanism (Hispanic Issues)

Ideologies of Hispanism (Hispanic Issues)

Bringing together contributions from top specialists in Hispanic studies - both Peninsular and Latin American - this volume explores a variety of critical issues related to the historical, political, and ideological configuration of the field. Dealing with Hispanism in both Latin America and the United States, the book's multidisciplinary essays range from historical studies of the hegemonic status of Castilian language in Spain and America to the analysis of otherness and the uses of memory and oblivion in various nationalist discourses on both sides of the Atlantic.
