## *Lightfall* Book Two of Eight

**Fate brought them together. Zombies want to tear them apart.**

The saga continues....

*Raised in 1870s Boston and coming of age in the Wild West, Ivy has to make adjustments. Gala balls and modern plumbing of her youth have given way to a life of dust, horses, and danger around every canyon wall—often zombies. Now Ivy is running for her life, but she has one advantage: she might be the only expert on Daray's disease west of the Mississippi. If she ever hopes to see Boston again, she must rely on a strange group of new acquaintances and an eccentric Swedish maker who just might be able to build her a ride home—for a price.*
