Kant on Education (Ueber Pädagogik Translated By Annette (Classic Reprint))

Immanuel A. Foley Rhys Davids

Kant on Education (Ueber Pädagogik Translated By Annette (Classic Reprint)) Immanuel A. Foley Rhys Davids

Germany Immanuel Kant iiber Pädagogik is now for the first time presented to English readers in the translation made by Miss Annette Churton. The little work, as is well known, was not compiled for publication by the master himself. In the last years of his long life he handed over to his younger friend and former pupil, Theodor Rink, the notes he had written for his professorial courses on Physical Geography and on Pedagogics, and commissioned the latter to select and compile from the loose leaflets as much as he thought might prove serviceable to the reading public. Rink set to work and brought out the notes on education in 1803, the year before Kant's death.

(Typographical errors above are due to OCR software and don't occur in the book.)
