Too Far Gone (Adirondack Pack Book 1) K.C. Stewart

It's either the beginning or the end for Sadie James. She came to the small Adirondack town of Andora looking for a fresh start. One that didn't include the pitying looks of strangers who saw her on the news. Only days into her new life and already she is in trouble. That is, unless the wolf in front of her was salivating at the sight of some other woman in the vast forest around her.

After killing his sister, Tyson searched for oblivion the only way he knew how to. As a wolf he could run from the life he left behind and become the animal he always was. The time between lucidness grows longer each times he surfaces. One day he won't be able to come back at all. It was the only thing he looked forward to until a lost woman fell at his feet.

Sadie is in danger and she is blind to it. Although, it was never proven, Tyson always believed Jack was behind his sister's ultimate demise. Now Jack has his sights set on Sadie. Can he fight the pull of the wild or will he let her face the wolves alone?
