SAP NetWeaver BI 7.0 Migration Guide: SAP PRESS Essentials 50 Daniel Knapp

SAP NetWeaver BI 7.0 includes major changes from earlier releases, making migrations a challenging task, but with this book, consultants, developers, power users, and project teams will find the knowledge needed for technical and functional NetWeaver BI 7.0 migrations. Using real-life examples and highlighting SAP-recommended approaches, you'll work through data, authorizations, report migration and more.

In addition, both the automatic and manual aspects of report migration are highlighted, with particular attention to the radically revised Web reporting. Each chapter finishes with additional insights needed for successful migration, including common project costs and schedule planning considerations.

Highlights include:

Differences between technical and functional migrations

Data flow migration

Migrating authorizations

Report migration

Hands-on examples

Approaches recommended by SAP
