### **Another hot taboo story from Alicia.**

Divorcee Nathan has moved house and job. His children have stayed behind with his parents for two weeks so that he can unpack and get his new nanny/ housekeeper settled in.

Its Jody's eighteenth birthday. Tomorrow she's going down country to start her first ever job as a live in babysitter and housekeeper. She'd been looking for a while and finally the perfect job had come up. Perfect because of the living arrangements, she would have her own self contained studio living area which meant that no matter how much we walked in her sleep she'd be safe, at last. When Nathan catches her naked in his kitchen he realises she is nothing more than a completely compliant robot who will do exactly as she's told when she's asleep. **The story is too hot to describe here to find out more take a 'look inside' or if you are a Kindle Unlimited Subscriber Borrow for FREE!**
