Formed in 1968, Jethro Tull are one of rock's most enduring bands. Their 1971 album *Aqualung*, with its provocative lyrical content and continuous music shifts, is Tull's most successful and most misunderstood record. Here, music professor and fan Allan Moore tackles the album on a track-by-track basis, looking at Ian Anderson's lyrics and studying the complex structures and arrangements of these classic songs.

EXCERPT

It was buying your first great-coat that did it. That image of a crazy, probably dangerous individual with unkempt hair, strangely wandering eyes and an inability to keep both feet on the floor at the same time, as seen on *Top of the Pops* when Jethro Tull and his anonymous backing musicians performed 'Witch's Promise' in 1970, remains to this day one of the most striking I can recall. And when the great-coat appeared in all its glory clothing Jethro's alter ego on the cover of *Aqualung*, it was clear to us that we were insiders, that we lived in exactly the same crazy world, that we 'knew what it was all about', even if we actually hadn't a clue.
