## **The History of Management Thought** Daniel A. Wren

A lot more than you might think. By tracing the origin and development of modern management concepts, you can develop a more logical, coherent picture of the present state of management practice, and a deeper understanding of the analytical and conceptual tools of the trade. *The History of Management Thought, Fifth Edition*, presents the unfolding story of the lives and times of major figures in the field, as well as the enduring themes and influential ideas that have helped shape management thought—from its earliest, pre-industrial beginnings to modern theories. Throughout this comprehensive history, author Daniel Wren profiles significant eras, and analyzes various trends and movements. Now updated and revised, this Fifth Edition reflects the impact of technology and changing market conditions.
