Is missing archaeology team member Lucas Burrows trapped in the ancient past during an age of terror – and sending warning messages to today?

WARNING! ANCIENT GLOBAL THREAT... the impossible graffito message turns up in a newly found Egyptian tomb, along with a modern biohazard symbol.

What mysterious plague has hit the population of Egypt in the reign of Pharaoh Amenhotep III and his young co-regent Akhenaten? Why is it seen as a judgement by the angry sun god Ra to punish Egypt for bowing to the Plagues of Egypt?

An eleventh plague of Egypt?

Lucas, a physician and World Health Organisation expert on pandemics, must find its source and the antidote in time to save the ancient past and the future.

Especially when his lover, the lustrous Italian Egyptologist Giulietta, is exposed to the deadly contagion. Can he warn her in time – by sending messages through the archaeological layers of time itself?

Can his great love be saved and can they ever hope to be reunited?

An enthralling and thought-provoking novel.

“Roy Lester Pond joins my favourite Egypt authors like Christian Jacq.”

“A furious pace keeps the reader engrossed.”- Goodreads.
