This book is not a lecture nor a text book, rather it is an "experience." After 20 years of providing Animal Medium Readings to clients, I wanted a book that would truly help pet owners deal with their animal's passing. I thought the best way to illustrate this was through my readings.

Every pet in these readings wants to point their humans to the "in-betweens," not the end of their life. They celebrate the times with their humans, the bond between them. This connection between animal and human remains even in death.

After many years of connecting to animals who have crossed over, one thing is certain. Animals are on the other side and they are not alone.
