Schleiermacher: Hermeneutics and Criticism: And Other Writings (Cambridge Texts in the History of Philosophy) Friedrich Schleiermacher

Schleiermacher's *Hermeneutics and Criticism* is the founding text of modern hermeneutics. Written as a method for the interpretation and textual criticism of the New Testament, it is remarkably relevant to contemporary theories of interpretation in literary theory and analytical philosophy. This volume offers the text in a new translation by Andrew Bowie, together with related writings on secular hermeneutics and language. An introduction places the texts in the context of Schleiermacher's philosophy as a whole.
