The Whisper In Your Heart: An Ancient Secret for Modern Survival and Prosperity Stephen G. Scalese MSW

We live in a frenetic, increasingly fast-paced world, where terrorism lurks around every corner and dangerous diseases are just a plane ride away. It's no wonder that so many of us live in chaos, our brains clogged by fear.

But what if fear is actually the real danger? What if it's all an illusion, a systematic blockage by too much thinking that keeps us from unlocking an amazing, life-saving ability within our brain?

You may know this power as intuition, or a gut feeling, or that still, small voice deep inside. Though it's called many names, this survival intelligence is present in each and every one of us. And though as old as time itself, it is still deeply misunderstood.

Through *The Whisper In Your Heart*, with almost five decades of experience, psychotherapist Stephen G. Scalese, MSW, has created a revolutionary roadmap for accessing this special ability after using it to help Nancy cure herself of terminal cancer—and changing his life forever.

Using simple science-based techniques, this enlightening guide guarantees to show you just how close you are to living the life you've always wanted and how accessing this natural power of the mind can bring on a more positive future for us all.

BONUS: A very special gift--An mp3 recording that trains your brain to automatically keep you calm.
