## **A Nietzsche Reader (Penguin Classics)** Friedrich Nietzsche

The literary career of Friedrich Nietzsche (1844-1900) spanned less than twenty years, but no area of intellectual inquiry was left untouched by his iconoclastic genius. The philosopher who announced the death of God in *The Gay Science* (1882) and went on to challenge the Christian code of morality in *Beyond Good and Evil* (1886), grappled with the fundamental issues of the human condition in his own intense autobiography, *Ecce Homo* (1888). Most notorious of all, perhaps, his idea of the triumphantly transgressive übermann ('superman') is developed in the extreme, yet poetic words of *Thus Spake Zarathustra* (1883-92). Whether addressing conventional Western philosophy or breaking new ground, Nietzsche vastly extended the boundaries of nineteenth-century thought.
